## Summary

---

Skilled web developer with hands-on experience in building web apps. Passionate about creating user-friendly interfaces and delivering high-quality web solutions. Seeking a challenging role to apply my practical web development experience.

## Projects

---

### Taco - UI Component Library

Taco is a **tailwind component** library with over 50+ components.

Every component is **fully responsive** and made to look good at any screen, **supports dark mode** and **visually stunning**. **Save huge time** and tedious work. You can easily copy components in our user-friendly website.

Next.js(MENN) | tailwindcss

### Website for Local Restaurant

Designed and built a user-friendly website for a local restaurant, featuring its menu and relevant information. Optimized for desktop and mobile devices, the website effectively showcased the restaurant's offerings and helped increase its visibility.

ReactJS | tailwindcss

### Portfolio Website

I designed and developed a visually appealing website to display my skills, experience, and projects. The website was optimized for both desktop and mobile devices and included sections such as an about me, a portfolio showcasing project descriptions and images, a contact form, and a downloadable resume.
